John Ervine

Dear Arlene,
No kidding, its
really been wonderful
having you for a friend these
last three years at Jeff. You are
really a wonderful friend and I want
to wish you the best of luck and
success these next years of your life.
I'll really miss seeing all you kids
since I'm moving south in August.
But don't forget your old friend.
Best of Luck and love

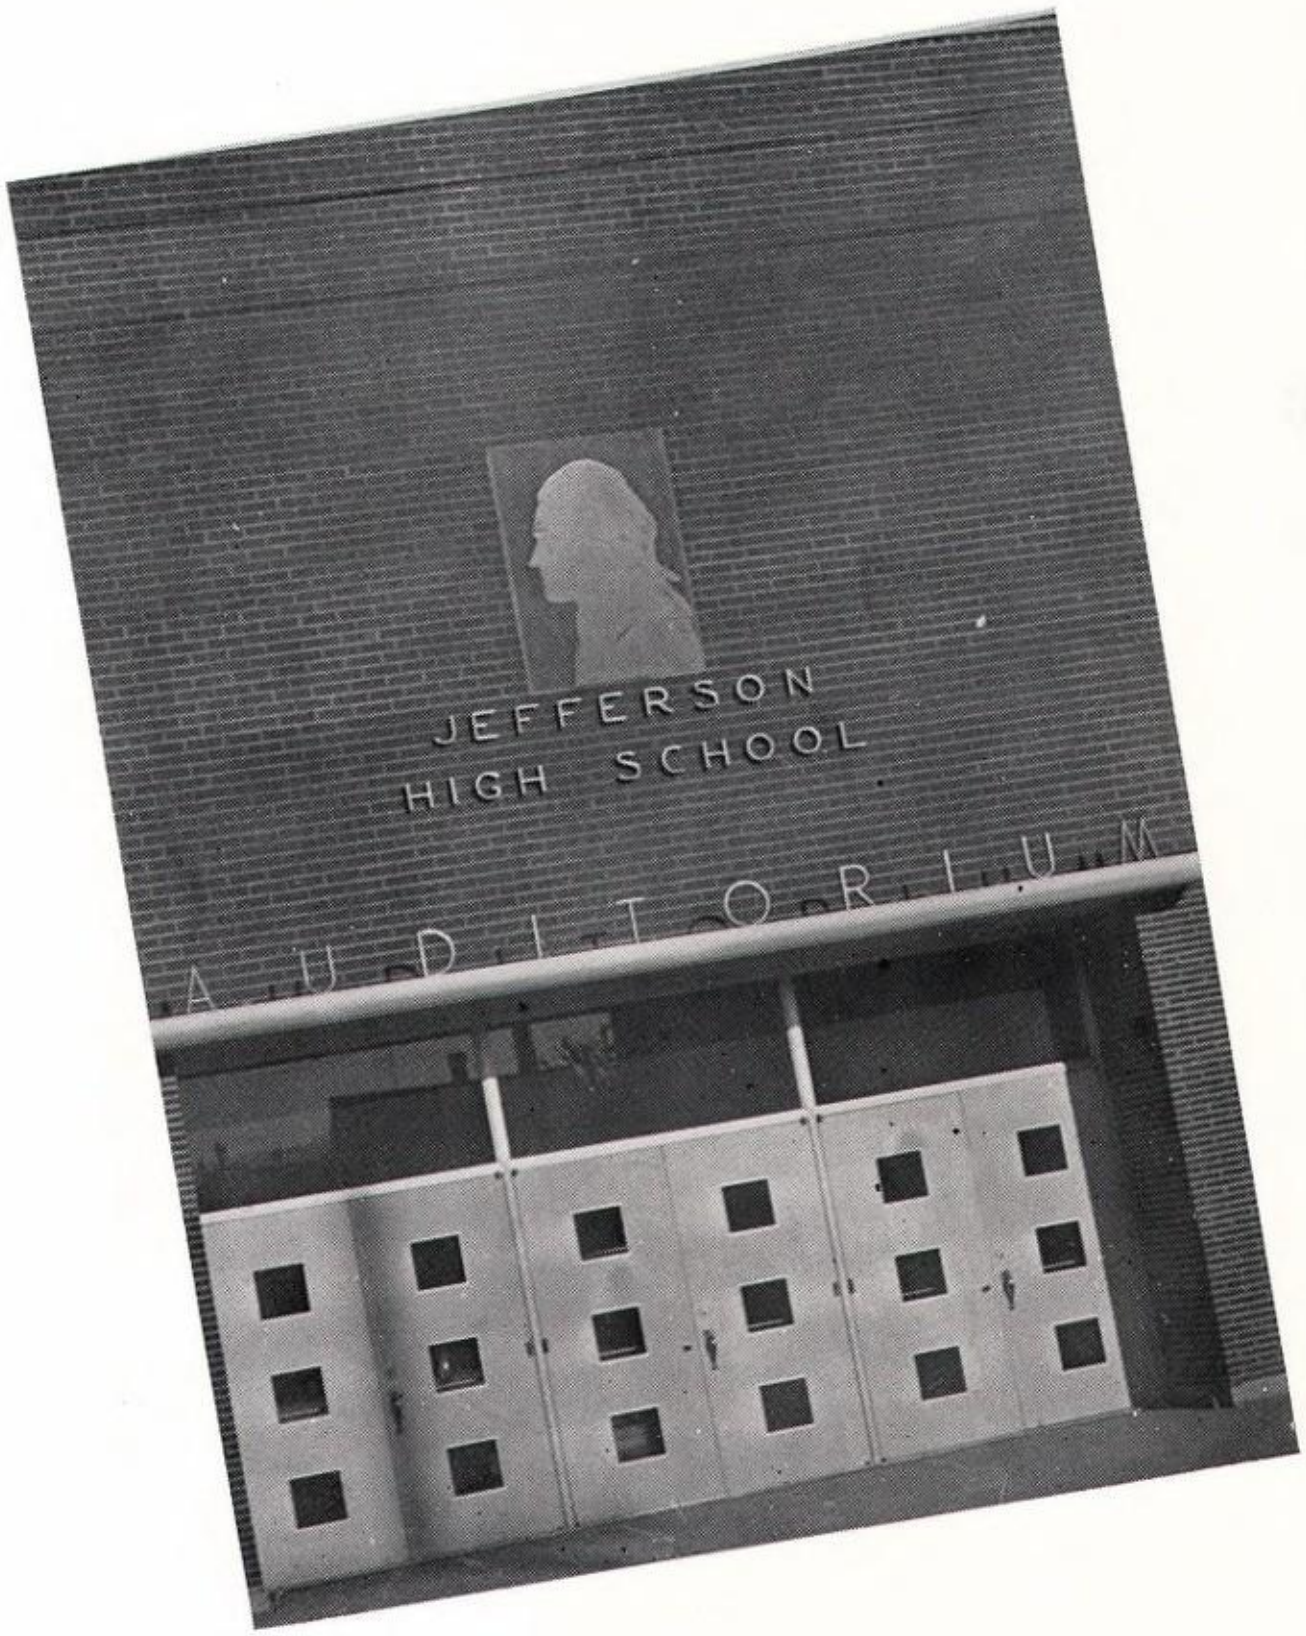
TRUM



The theme of the 1954 Spectrum is based on one mythical member of the Jefferson Student Body who is unusually active in all phases of high school life.

This character, whom you met in the cartoon on the previous page, is an extremely cosmopolitan individual who takes pride and pleasure in his scholastic, social, and athletic prowess.

On the basis of these abilities and his amazing personality he has been chosen to lead you on a guided tour through the book. His job will be to introduce you photographically to the people and places that are Jefferson.

The Spectrum staff knows him as "MAT", (Man About Town), and they accord you the same pleasure.

The prestige of Jefferson High School may come from the fondness and genuine respect that the students and faculty share for the school. Only a mutual interest such as this love could produce such strong feeling of comradeship between students, faculty, and alumni.

This pride, manifested in many fields, has carried Jeff to victories in the field of athletics. Jefferson is also proud of its busy and varied social schedule. At the Youth Center students may dance, play ping-pong, shuffleboard, checkers, or just plain talk. Then, of course, there are the casual, semi-formal, and formal dances that dot the social calendar. Jefferson also is proud of its academic achievement exemplified by the numerous scholarships and many honors Jefferson students receive.

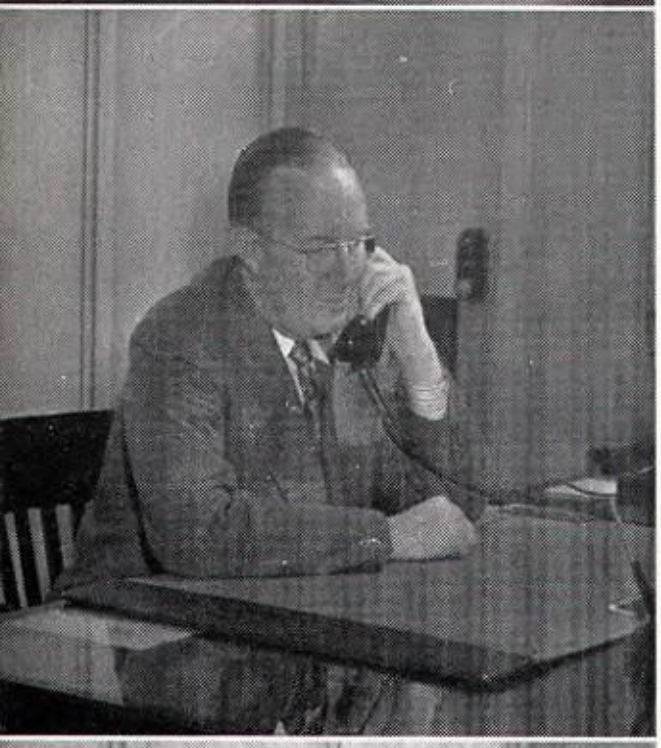
Jefferson owes a debt of appreciation for the fine cooperation and many services of the Parent Teacher Association and the Dad's Club. But the real backbone of the school is tradition. It is out of these smaller sparate entities that the great Jefferson tradition has evolved. Jefferson and tradition go hand in hand.

. . . This Spectrum is thereby dedicated to the fine traditions that are Jefferson High School.

D E D I C A T I O N

dedicated

TO THE TRADITIONS
THAT ARE JEFFERSON



Good citizenship is the cornerstone of our way of life. This implies knowledge, determination, and action on the part of all Americans. Both superior leadership and an alert, well informed following are needed. Each citizen must believe so firmly in his country, in its institutions, and its objectives that he accepts willingly and courageously whatever sacrifices may be demanded to safeguard their existence. An intense love of this country does not mean a "holier than thou" attitude toward our local and world neighbors, but rather it seeks to gain their friendship through example and good works. Unwarranted prejudices, tolerance of crime, abject poverty, ignorance and other forms of social malnutrition will continue to exist and to flourish until an aroused people destroy their roots.

Like those who have gone before and those who will follow, Jefferson graduates must accept their responsibilities; must show an increasing desire to participate in the affairs of the state, nation, and world; and must prepare themselves educationally, religiously, economically, and socially, to cope with the demands made upon their generation. The cost of good citizenship is high; the rewards are priceless.

C. L. JONES

New students are welcomed to Jefferson by a friendly, happy faculty and student body. Each student practices hourly all the many privileges and responsibilities of citizenship. Each can find a satisfying place for himself. All, working together, build a successful Jefferson, with a democratic, friendly and hard-working student body.

MISS DOROTHY FLEGEL

What has high school meant to you? Has it been four years of intellectual development, of participation in physical and social activities, of growth in leadership and follower-ship qualities so basic to responsible citizenship?

Perhaps high school has meant all of these to you, but, in any case, the path your high school career has followed has been primarily your decision.

What have you made of your opportunity?

ORGANIZATIONS

In every successful school year there are groups of hard working people that often do more than their share, but keep working with admirable determination. Just such people are the office practice girls and other interested students that comprise Jefferson's bookroom staff, Dean and counselors' helpers and the Live Wire staff. It is their business to make things run as smoothly as possible and they have shown they know their duties well.

An efficient Usher Corps and Fire Squad have honorably put in many hours working after school at plays and for student safety.

The after school social entertainment speaks in behalf of the hard work of the Youth Center officers and the Junior Rally. Both of these groups have shown real enthusiasm. Senior social studies students on the "Quiz 'Em" team spent many hours studying the newspaper before matching wits with teams from other high schools.

CLASS ROOMS

In his tour of the town, MAT has seen many side activities which he knows would not exist without the main avenues of classes. The largest of these avenues is the group of required classes including social studies, English and physical education. In each of these the students are taught how to be worthy citizens of the United States and to take an active part in the governing of their town and country.

Elective classes allow students to select subjects in which they are most interested and that will prepare them for the career they hope to undertake. In the home economics classes, future housewives of America are learning how to cook and sew. In science courses our future engineers, scientists and industrial geniuses are being taught fundamentals of their fields. Diplomats of this generation are learning languages so necessary in their work. Hundreds of stenographers and secretaries who help keep our nation running smoothly are being trained in commercial classes.

Without these main avenue the traffic of "Jeff Town" would soon jam and progress would be stalled.

THE ARTS

Music, Art, and Dramatics all make up part of the cultural courses that are a vital part to the curriculum at Jefferson. The students who constitute these classes have been proven some of the best in the city.

The band was very active during the football season marching and presenting half time entertainment. The orchestra performed in assemblies and also during intermission at plays. The choirs took part in several assemblies. In addition to this, these three musical groups performed in the annual all-city musical festivals and also in Jefferson's annual Spring Music Festival.

The dance band and ensemble which are part of their respective groups contributed to school activities, but did most of their performances for out of school organizations. The Art Department is responsible for the many posters which appear as advertising for coming events and are always ready to contribute to the school in other ways.

This year the Drama Department has once again done an outstanding job in their performances. While hampered during the first half of the year because of the construction, they were still able to present several plays besides the senior class play.

ART CLASSES

The Art Department, consisting of the Commercial and Ceramics classes, Art General, and instruction in Art Metals, has been busily engaged with numerous activities throughout the year. Among these are regular assignments and class projects, the Art Scholastic Exhibition, and school service work.

With the coming of TV to Portland, a new medium of advertising has arrived. The production of television slides has been presented to the commercial classes.

To combat the "Litterbug" in our fair city, the General Art classes, in co-operation with the Izaak Walton League,, have been working on litterbug designs to make the public conscious of these provocative characters.

Dig that crazy carpet!

Really, Mr. "D"?

The versatility of the art students is clearly shown by the varied media and subject matter in which they work. Only through this freedom can maximum enjoyment and satisfaction of expression be obtained.

Te revival of the ancient art of enameling is one of the numerous ways of working with metal. The process is a fusion of glass on metal to create free and colorful designs.

GOLD KEY

The Gold Key, signifying the highest award in Art Scholastic Achievement, was presented to Jefferson students in recognition of the art work submitted to the Scholastic Exhibition.

The Jeffersonian

Jack Adams

The 36th volume of the Jeffersonian was accomplished with the printing of 27 issues circulated among students, teachers and subscribers on Friday of each week.

Constant aims of the staff were to publish the news while it was news, publicize all school events, develop school spirit and loyalty, and record important developments as a complete history of the 1953-54 school year.

Highlights of the headlines were the Jamboree, Jefferson's victory over Grant in the Student Body card contest, the new auditorium, the State Football Tournament, formal dances and other parties, Student Body officer elections, May Day festivities, Rose Princess selection, dramatic and musical productions, honor rolls.

Staff duties were changed frequently to afford experience in all departments. Two cub classes in journalism were most helpful with contributions to the paper.

The Jeffersonian was supported principally with funds voted by the Student Body and by a due appropriation of advertising solicited by members of the staff.

Delegates from the journalism department were sent to the Oregon Scholastic Press Conference in Eugene in October, to the Pacific Slope School Press Clinic in Seattle in February, and to the Pacific University contest at Forest Grove in March. The paper is also a member of The National Scholastic Press Association.

RETIRING TEACHERS

Mrs. Lenora Levan has a record of 41 years as an English and social science teacher at Jefferson. To all students she relates Emerson's advice, "Speak what is true for you in your own heart and you'll find it is the universal sense."

Mr. Charles Marlowe of Jefferson's mathematics department retires after 33 years in the school's service. His code for success in student life is simply "Work hard and study hard." He has throughly enjoyed "Jeff people," especially the students of his classes.

Miss Sadie Ettelson has found in 36 years at Jefferson that "the most pleasant part of teaching is learning with the students." Her unusual zest and enthusiasm have given her classes in English and German much more than basic knowledge.

Miss Jessie Fariss has given 32 years of teaching social science to boys and girls of Jefferson High. She feels she has always belonged here." Her greatest joy comes from the "esprit de corps" prevalent among students and alumni of the school.

H. P. Rickert

Coach Tom DeSylvia in his first year as head football mentor and Assistant Coach Ralph Davis finished the 1953 football season with a completely satisfying record. Their players had team morale of the highest type. Every member was constantly trying to improve himself in order to build a stronger team. It was frequently commented by the players that they never enjoyed playing football so much. This enthusiasm resulted in Jefferson's season record of 8 wins and 2 losses. But win or lose, it was common knowledge that Jefferson had not only a team of highest quality but also a team with unsurpressable spirit.

Jefferson placed seven players on the All-City teams: Bob Gill, Jim Wingo, Eddie Graves, Al Owen, Jack Hogan, Bill Houston, Brian Eggiman. While these players received recognition for their ability, the whole team was outstanding.

In handing Grant their worst defeat of the year Jefferson earned a berth in the state play-offs. With a defeat from Benson the only mar on their city record, Jefferson ended the season with 6 wins and one loss. After winning the quarter-final game at Baker the team traveled to Grants Pass to be defeated in the Semi-Finals on an extremely muddy field. Jefferson probably set a record when every player participated in six of the seven league games and earned his letter.

But no team can be all work and no play as Grant Jackson's singing on the trips would indicate. Some of the players thought that if it wasn't for tape the team wouldn't hold together. This ties in with the rumor that Ed Graves wanted a tube of tape for graduation.

C Basketball

In calculating the chances of landing a first or second place spot in this years city league basketball race, it was decided to gamble on an unorthodox defense and on continuing the fast break in order to compensate for the squads lack of size and to capitalize on speed.

The strategy paid off with early league victories but caught up with the squad in the middle of the campaign. All players on the squad gave it everything they had and it is hoped that some of the seniors, profiting by their experiences can go on in college basketball. Salvaged from what could be termed a mediocre year were victories over some of the leagues top teams.

Next years varsity unit gained valuable experience toward the season's end. A number of top performers are returning.

The spirit and fire shown by this years ball club even in the rough going will set the standard for next year's group. Said John Neely, head basketball coach, "I have the feeling it is going to be tough to hold the 1954-55 basketball team down.

The scores of the year:

B Baseball

The 1954 baseball season can be termed a moderate success. After the opening game with Benson was rained out, the schedule was changed and Jefferson traveled to Roosevelt instead of playing at Alberta park.

The Democrats got off to a bad start by loosing five straight games before winning over Cleveland behind Beachell's five hit pitching. They then split two games with Benson, and beat Roosevelt, Washington, and Franklin. After this winning streak the team lost to Grant and Lincoln before ending the season by beating Cleveland.

After a slow start the team found their batting and fielding eyes and got on the winning trail. Coach Harry Richards' team ended the year with eight losses and six wins for the season.

The Story of the Play

The story was about an old maid librarian who had saved her money for twenty years in order to buy a hotel where she could meet interesting people. She purchased a strange tumble-down place near the ocean and got what she bargained for — plus a good deal besides. She met with drama and comedy, the living and the dead, and somehow managed to emerge at the end none the worse for her extraordinary experiences.

Dearest Arlene —
(Tooting, huh!)
Gee, I can't even
begin to put down all
the wonderful times we've
had together — It doesn't
seem possible that we're out
of H. S., I just can't believe it
We'll really have fun this summer especially if
Jantzen, this summer — it's really a riot
we both teach — it's super fun
and we can get some at Lewis & Clark
next year when your at U. we'll
and I'm at Oregon U. we'll
to keep in touch with each other — at
least a post card once in a while —
I'm running out of space so well
close — loads + loads of fuck, Arlene
See ya —
Love Sandy

P.S. here's hoping you still become a summer!

A Privilege for Fathers only

is membership in the

JEFF DADS CLUB

Those of us already in this club invite you to join us—if you, too, are fortunate enough to be the father (or male guardian) of a Jefferson student.

This is a friendly, informal club. Our rules are few and flexible. At the same time, the club is proud of its record for "getting things done" when called upon by students, faculty or the community.

The Jeff Dads Club is not affiliated with any other organization. Often, however, we've assisted other groups, but we glory in our own independence as a purely J.H.S. organization. First, last and always we're for Jefferson, its students, teachers, parents and friends.

It is your right — and your duty — to share in this club's fellowship, its work and fun. It will cost you only $1 per year.

Come on, Fellow Dad, and join us.

Jeff Dads Club

● MEETINGS

The Jeff Dads meet the second Monday of each month at 8 p. m. in the school. Meetings last about 1½ hours, followed by coffee-and-doughnuts and interesting bull sessions for Dads able to stay.

● HOW TO JOIN

Come to a meeting and sign up . . . **or** contact the club secretary . . . **or** send $1 with your full name and address to the Live Wire office at Jefferson high school.

● JOBS TO BE DONE

Dads able to participate actively in club endeavors may volunteer for work on these committees; program, membership, telephone, annual Jeff Spring Musical, football and track and field patrol, publicity, building and modernization, activities, Jeff Youth Center, athletic dinner, scholarship, counseling job placement, student dance, uniforms.

Dear Arlene,
You is a very friendly wonderful girl. I'll never forget you because I like friendship you have given me.
Your friend always
Carolyn

Arlene dear,
Remember a long time ago when we were in Miss Hoyt's class and we used to sit together and talk and laugh and have such a good time? Remember the time we had a party at your house and we had so much fun? Remember the time we had a party at my house and we had so much fun? Remember the time we had a party at Jeanne Hoyt's

Arlene
I have enjoyed your acquaintance this past year or so, and I hope that you have nothing but happiness in the years to come.
Warren Hamelink

Dear Arlene,
You are a wonderful girl — I'm certainly glad I learned to tell you two apart! (although I still can't on the phone!) We've had so many good times in high school — you're loads of fun to be with and a crazy, but cute gal. I'm very proud to have been a Phi Mu sister of yours. I truly hope that you achieve your fondest dreams and goals and may good luck, success, and happiness be yours always. Write me from Hawaii + L.C. too.
Love

Dear Arlene,
I wish sincerely that you
make a huge success
in the future as you
have already made
friends and successes
in the past. You have
been a wonderful friend
to me. I'll never
forget it.
Love,

Dear Arlene,
Well, it's all over!
High school I mean.
But I hope our friendship
will never end. Have
fun at L & C and good
luck always.
Love,

Dear Arlene —
You're one terrific girl and
I can honestly say you're
first one of the nicest girls
I've ever met! I sure hope
to see you this summer. Keep
up that smiling personality!
Love,

Dear Arlene —
I've had so much
fun with you in Philo and
at our lunch table at noon.
I've also had loads of fun
coming down here (the beach)
and while we're here.
You're really swell and
I've enjoyed knowing you
so much. Loads of luck
at college & I hope you
make it to Hawaii.
Love, Midge

Dear Arlene —
I am so glad
we had the chance to get
acquainted this We've really
had a lot of fun in Philo,
haven't we? After that

Arlene, (Toad face)

Well, here you have graduated and are getting ready for college. It just doesn't seem possible does it! I want to wish you a lot of luck in school and all the rest of your life because you deserve it. It's to bad that we didn't get to know each other better before now but - that's the way it goes. We sure have had fun these past few months and please don't forget to call or come see me next year or I'll feel crushed. Well, frog legs take it easy and don't do anything I wouldn't do.

Your Friend always
